

Testimonials

As far as my business is concerned, the value that is offered by the Interfaith of The Woodlands Directory makes it the most effective means of advertising in the area. You can reach the general public and businesses within our community at a very affordable rate and at the same time you help a very worthy organization help our community.

The Interfaith Directory is THE phone book in The Woodlands. It is local, helps support the community and is the book that locals turn to when in need of information and phone numbers. It is the only phone book in which we choose to advertise.

The Interfaith of The Woodlands Directory provides Treescapes the best value for our advertising dollar. They do a great job at targeting our specific market niche and they have the best graphic artists and designers in the business! The Interfaith Directory is the only advertising medium we need in Montgomery County. We've grown our business with it and look forward to many more years of positive growth.

Whether it is for a quick lunch or a night out on the town, I find a variety of places to eat in the Dining Guide. I frequently find a coupon in the Coupon Book to use at one of the restaurants. It was easy saving money. What fun trying to decide where to go next!

The Interfaith Directory is my resource for many things. Being so involved in our community, I find I need to use the directory on a regular basis. I love all the informative information about our community in the front part of the directory as well as being able to find business resources close to home. Great job as always.

Mary Lou F., Woodlands Resident

We have been advertising in the Interfaith of The Woodlands Directory for many years because it works. Over the years they have continued to update their technology to reach our clients. There is not a more complete community resource, and it is because Interfaith has the interest of the Community at heart.

You all care about treating everyone like we're the only advertiser you have, by taking the time to render the best ad possible to promote our business as well as the community in which we serve. I couldn't appreciate you all anymore than I already do and will not work with other directories because of the service to which I have been accustomed to in dealing with the Interfaith staff. Keep up the great work!
